# Zuleta for children

The Ecuadorian countryside offers many fun activities for children. Enjoying the outdoors, the animals, gardening, farming and local traditions makes Hacienda Zuleta the ideal place for your family vacation.

All our activities are safe. They are suitable for children between the ages of 5 and 12 years old. If you prefer to unwind or take advantage of an activity unfit for your kids, we offer the possibility of organizing for them independent itineraries under the care of one of our specialized hosts.

## Milking a cow

For every delicious breakfast with fresh cheese, yogurt, milk and butter, we must milk our cows, daily. From this milk, which we process at the hacienda, fresh and delicious milk is served. Join a true Zuleteño one afternoon to learn how to milk a cow with your hands!

**Gear:** rubber boots, hat/cap and sunscreen.

**Duration:** 1 hour.

## Want to be a zuleteño?

Dress like a typical chagra cowboy or zuleteña princess! Tell mom and dad to dress up as well and take a special souvenir back with you from the Ecuadorian Andes.

## Using the Andean Lasso

Dress like a chagra cowboy with a warm poncho, special chaps and cowboy hat and learn how to use the lasso. Have fun trying to lasso your friends or practice on a wooden horse.
